**Re:** “Accompanying Caregivers” – Presentation on October 21, 2021 @ 10 a.m.

Caring for a family member – young, old, or in-between – who is chronically or mentally ill, aging, disabled, or infirm is a true form of service and charity. In a special, virtual presentation on **Thursday, October 21, at 10 a.m.**, the founders of *Nourish for Caregivers* will join us to discuss the emotional, physical, and spiritual demands of caregiving. They will offer ways individuals, families, and parishes can provide support and guidance to those on the caregiving journey.
