Accompaniment as our model

The document for the upcoming Synod on Young People, the Faith, and Vocational Discernment describes accompaniment as our model for ministry with youth and their families. God began the conversation with young people; our job is to pay attention to what God is doing in the lives of young people, walk with youth as they grow in discipleship, and help them discern their response to God's plan for their lives. This workshop will explore ways to help youth pray and discern their vocation.
