**Re:** AoA Eucharistic Revival—*Walk With One* parish kit

---

As a way to engage the Year of Mission, the third year of the National Eucharistic Revival, the national team has developed a **parish kit** for the [Walk With One](#) initiative (available in English and Spanish). Every active Catholic is being invited to “walk with one,” praying for and accompanying one person that the Lord is putting on our heart. The parish kit provides promotional resources to invite communities to participate in this initiative. Please consider these resources as you discern how the Lord is calling you to respond to the call for revival in this Year of Mission.

As additional resources, please keep in mind the Year of Mission [Playbook](#) (available in English, Spanish and Vietnamese) as well as the excellent small-group video resources [The Rescue Project](#) and [Jesus and the Eucharist](#).
