

Memo

Date: October 7, 2019
To: All Priests
From: Msgr. James Schillinger, Perla Freed, Andy Lichtenwalner
Re: Clergy Training Intensive Event, Jan 26-30, 2020

Integrity Restored is offering a regional [Training Intensive](#) for priests on helping others to break free and heal from the devastating effects of pornography. The training will take place January 26-30, 2020 at the beautiful [Chota Falls Estate](#) in North Georgia. Attached is a schedule for your review. There is a cost and space is limited, so please [register](#) soon if interested.

The training will include a crash course in theological anthropology, the science of addiction, relationships, and the different levels of intervention.

Priests who have completed this training report greater comfort in addressing difficult sexual issues and in addressing parents about protecting their children, as well as greater confidence in their knowledge of various resources. One attendee said that this was “the best training I have had in my priesthood.”

The training will be provided by psychologists who specialize in the treatment of sexual addiction, including Fr. Sean Kilcawley and Dr. Todd Bowman.

Please consider attending this event as a follow-up and support of our local efforts with the [Safe Haven Sunday](#) initiative.

Please direct any questions to Patrick Metts at pmetts@archatl.com or 404-920-7643.
