

Memo

Date: December 9, 2019
To: Priests, deacons, brothers, sisters, principals and parish staff
From: Tom Hardy, Director, Office of Information Technology
Re: Cyber Monday: Tips for Safeguarding Personal Information

This season draws millions of people online for their holiday shopping. It also creates opportunities for attackers to steal personal information.

The Office of Information Technology encourages you to review the following [online shopping safety tips](#), provided by the Cybersecurity and Infrastructure Security Agency (CISA), and read the [article](#) published on The Georgia bulletin about cybersafety. Please continue to be vigilant and keep your parishioners informed.

Have a very Merry Christmas and a Blessed New Year!
