Re: Day camp for Latino families living with disabilities

The Disabilities Ministry is very excited to introduce this fall “*El Campamento de Jesús*,” a full day of friendship for Latino families living with disabilities.

This is a full day camp for Latino persons with disabilities (12 years and older) accompanied by an adult family member. There is no cost to register for this event, transportation and food will be provided.

Please use this *Save the Date* [flyer](#) to promote this upcoming event among the Latino community in your parish, we will be sending more information about this camp in the coming weeks.

We are also looking for bilingual volunteers to help us with planning for this event and on camp day.
