

How can I keep from sing - ing

directed by Karen Thomas

August 22 | 9am-3pm

Song has long been part of sacred assemblies of every faith tradition, a practice that opens our hearts to the Divine and each other and stirs us to compassionate engagement. For those trusted with leading the song of our liturgy and worship, we open ourselves to an expression of creativity and a readiness for the movement of God within us. Made in the image and likeness of God, the human longing for creative expression is already part of us. **So, what inspires a creative moment? Where does creativity come from? How can we lead people from where they are to encounter the Divine together?**

*Music Ministers, by special invitation, are invited to join us in singing-praying the vision of loving community into being. Come for a day of healthy-eating, life-giving, soul-filling, and surely singing in the surrounds of the peaceful and quiet Ignatius House.*
