Re: NEW! Interactive StoryMap of the Archdiocese of Atlanta

The Office of Archives and Records is pleased to announce the launch of a brand new interactive StoryMap of the Archdiocese of Atlanta! We have been working on this map for the last nine months and are very excited to finally be able to share it with everyone.

The interactive StoryMap is designed to be an immersive history of our Catholic community's unique experiences. We invite you to scroll through the historical narrative of each decade, while witnessing the geographical growth of our parishes and missions as they appear on the map. This will be a living map that our office will add to over time, expanding with new topics and locations (such as our schools).

Finding Your Roots in Faith: A History of the Archdiocese of Atlanta can be accessed anytime through our department website at <https://archatl.com/offices/archives/interactive-storymap/>. Please feel free to share with your friends and family!

If you have any questions about the map, you are welcome to contact our office at archives@archatl.com.
