

Memo

Date: October 16, 2023

To: All pastors, parish and school business managers

From: Holly Orsagh, director of financial services, Office of Finance

Re: New Parish Systems Administrator

I am pleased to announce two personnel changes. After eight years as the Parish Systems Administrator, Susan Shirley is changing roles and will assist our schools with fully implementing a standard tuition management and student information system. We would like to thank Susan for all she has contributed since 2008 when she joined the archdiocese and look forward to working with her in her new role. In planning for this change, we have been actively searching for Susan's successor.

I am pleased to announce Sue Stanton as our new Parish Systems Administrator. Sue comes to us with more than 15 years of experience learning, testing, implementing and training multiple software systems. She is skilled at troubleshooting system software and is passionate about helping others learn through coaching and applying best practices.

Sue is a graduate of Michigan State University. She previously worked for Cox Media Group and InterContinental Hotels Group (IHG) and was a part-time journalist for the Dunwoody Crier newspaper.

As an active member of All Saints Catholic Church, Sue volunteers with the Women's Guild, CRHP/Welcome and the Wedding Ministry. She is also a community volunteer with the Dunwoody Preservation Trust and helps host the annual Lemonade Days festival.

Sue enjoys game nights with friends, long walks and an annual family trip to Cape Cod.

Please join me in welcoming Sue to the Office of Finance.
