**Date:** May 27, 2025

**To:** Priests

**From:** Rev. Pedro Poloche, director, Ongoing Formation of Priests

**Re:** Person and Identity Project Spanish resources

---

Dear brothers,

Last November, many of you attended our clergy study on gender ideology (presented by the Person and Identity Project). As you may recall, the group developed a resource kit to assist pastors. We have just received a notice that this kit is now available in Spanish. Please see their note below with access instructions.

"With much anticipation, we're excited to announce that the Person and Identity Project (PIP) has launched new Spanish resources.

PIP's Spanish toolkit includes six informative resources to help your parishes, schools and families have a greater knowledge of the Catholic teaching, science and the "transgender" movement.

Resources include a list of key church documents, a quick guide to gender ideology, seven themed fast facts, a trifold on whether sex can change, five EWTN transcriptions and a short guide to Christian anthropology.

This toolkit includes practical guides to help your Hispanic parishioners and parents to communicate the truth of the human person. This comprehensive overview of gender ideology will engage and equip your Hispanic families and church staff who minister to them.

To inquire about the toolkit, click [here](#). To view more of our Spanish resources, click [here](#).

We are grateful for the opportunity to serve you in this way and hope you have a blessed weekend!"
