Re: "Reaching for the 'Gold standard' in RCIA" - Tuesday, May 23

RCIA is among the most important missions of the Church as we invite and welcome adults and children into sacramental relationship with Christ. As clergy, DREs and teams, we are called to properly administer the Rites to their fullness.

Dr. Ximena DeBroeck, scholar and expert, will present virtually in English and Spanish how to reach the "Gold Standard" in RCIA. This is not "nuts and bolts" of RCIA but raising it to new heights.

Please share this [English](#) and [Spanish](#) flyer with your parish. The registration and link is on the flyer.

We look forward to welcoming you.
