Re: Updated IRS auto mileage rates for 2022

STANDARD MILEAGE RATES:

Effective July 1, 2022, the IRS has increased the standard mileage rate for the final six months of the 2022 calendar year from 58.5¢ to 62.5¢. Effective July 1, 2022, please use this new rate to reimburse employees who drive their personal vehicles for church/school related business. This rate is also used to compensate archdiocesan priests who have chosen the actual mileage method for their automobile reimbursement.

If you have further questions, please contact us, Patrick Warner (PWarners@archatl.com) or Brenda Leslie (BLeslie@archatl.com).

Thank you.
