Re: Villanova University – Certificate in Church Management

Villanova University created the Church Management Webinar Series. To date, over 67 parish business managers and others enrolled in the program, completed the course work and earned the Certificate in Church Management. The feedback from this group has been very positive.

We would like to see even more business managers and others take advantage of the training. **This program would be very beneficial to any new parish treasurers.** Therefore, the Office of Finance will reimburse the cost for one person per parish/mission each year to earn the Certificate in Church Management.

Because it is foreseeable that someone could pay for the program and not complete the courses, the Office of Finance will only provide reimbursement once the certificate is earned.
