End of Life Decision Making: Ethical Decision Making in Sickness and Compromised States with Fr. Tad Pacholczyk

The ethical and pastoral considerations regarding the elderly/dying are perhaps more complex now than ever before. This workshop will not only give a refresher on the moral theology of end of life, but also apply this practically to situations pastors and priests are constantly facing.

Rev. Tadeusz Pacholczyk Ph.D., earned his doctorate in neuroscience from Yale and did post-doctoral work at Harvard. He is a priest of the Diocese of Fall River, MA, and serves as the Director of Education at The National Catholic Bioethics Center in Philadelphia.
